I have the following item for sale:

Malaysia: In 1965, Malaysia issued a uniform set of seven orchid stamps for each of the States. In 1970, several values from a number of the States were reprinted with sideways watermark. Judging by the Gibbons Catalogue, some of these are scarce. I have these complete for 5 States and missing a value for 4 States. Total catalog is £60! Anyone care to make me an offer?

I recently purchased a set of stamps from Ascension Island with the adults and eggs of various species depicted. Three of these had insects, which I needed for my collection, but the others I do not need. I am listing them below with a price representing my cost. If anyone would like any particular group, e-mail me at alan.hanks@sympatico.ca with your address and I will ship them post free. Then a cheque will cover the cost. US funds are about the same as Canadian at the moment!
